

Ref. 027008

The CONVERGYS 150 W inverter turns the cigar lighter outlet of your vehicle into a 230V power source, able to supply or recharge any device up to 150W (mobile phone, laptop...). Its USB socket (5V) allows the connection of various devices such as MP3 players, digital cameras etc...

Simplicity and efficiency

- ✓ Can be plugged into a single cigar lighter outlet.
- ✓ **Light, compact** and versatile for use in any circumstances (business trips, travels...)
- ✓ **2 sockets** for any type of electrical device (230V + USB)

Safe to use

- ✓ Thermal protection, fan and ventilation
- ✓ Protected against overload and short-circuits
- ✓ Protected against over and under voltage
